Description

Management Program For Door/window Makers.

FP GEST is a management program, linked to FP PRO and FP DEALER, specifically designed for the door/window sector. It plans and coordinates the entire corporate production process, scheduling the required activities to be performed by each resource (men and machinery) in order to ensure that the jobs are executed in the set times and following the criteria for organization and efficiency. It includes integrated, advanced management of purchasing, stock and administration. The state of the jobs, the planning, progress and work loads are presented graphically with Gantt diagrams and bar graphs which are easy to consult and interpret.
